Terry  
Georgia

Dear Georgia Neighbor:

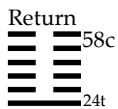

Congratulations! You are the first person to order *Heaven to Earth, I Ching* via my website. I appreciate your interest and your comments, so let me take a moment to welcome you to *Heaven to Earth, I Ching* and the Change Cycle.

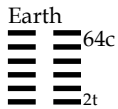

You purchased what many people, including R.L. Wing who wrote the *I Ching Workbook*, believe is a revolutionary paradigm shift for the *I Ching*. As explained in the book, the Change Cycle reveals the genesis and potential outcome of inquired circumstances. Typically, when people read their hexagram they can become confused as they ponder the second hexagram: Does “it” happen before or after? And, what is the relationship between the two hexagrams?

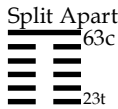

If you receive changing or active lines they create additional hexagrams, and the Change Cycle chronologically orders those hexagrams. The trick, if you will, is recognizing the flow of events your question frames. Once you observe events “timed” to your change cycle, you can make conscious, positive decisions based on available options. Of course, this depends on the question and the number of active lines received. By applying the Change Cycle to your inquiry, an *I Ching* reading will sequentially match events occurring through time.

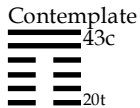

I want to extend an offer to tell me about your *Heaven to Earth, I Ching* experience. If you reach a stall point with a reading, feel free to call or email me with your situation. On the other hand, if you find the Change Cycle exciting and want others to read your words, please write and I will post it to the web. My site will evolve as I receive comments from practitioners, so let me know how to make the site more accessible. My broad vision for *Heaven to Earth, I Ching* is to form a fellowship of students interested in exploring the *I Ching* and the Change Cycle.

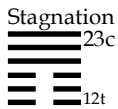

To close, my *Heaven to Earth, I Ching* approach guides students through life-changing events as they seek to manifest their Tao. I hope you enjoy this material and stay in touch.

Best Wishes,

James R. (JR) Wilkinson

p.s. I am available to teach through private consultations, classes, workshops, or retreats.
